```javascript
client.on("message", message => {
   const prefix = "البرفيكس"

       if(!message.channel.guild) return;
   if(message.author.bot) return;
     if(message.content === prefix + "image"){
        const embed = new Discord.RichEmbed()

     .setTitle(`This is  ** ${message.guild.name} **  Photo !`)
  .setAuthor(message.author.username, message.guild.iconrURL)
   .setColor(0x164fe3)
   .setImage(message.guild.iconURL)
   .setURL(message.guild.iconrURL)
             .setTimestamp()

  message.channel.send({embed});
     }
});
```
